

THE WORLD'S FAIR BILL.

The Columbian Fair Bill Passed by the Senate and Signed by the President.

A SPICY DISCUSSION IN THE LOWER CHAMBER.

Liquid Refreshments Not to be Included in the Expense Account—Aid for the Flood Sufferers.

WASHINGTON, April 26.—Mr. O'Neill of Pennsylvania, presented the proceedings of a meeting of business men of Philadelphia and a memorial with 1,000 signatures, and the signatures of the Board of Trade of that city, asking the aid of Congress in the promotion of the buildings of American ships to trade with foreign ports, and to establish direct mail communication with the western coast of Africa.

On motion of Mr. Adams, of Illinois, a bill was passed to provide for a term of court at Danville, Ill., on the first Monday in May.

Mr. Cannon, of Illinois, from the Committee on Appropriations, reported a joint resolution appropriating \$150,000 to enable the Secretary of War to distribute rations for the relief of the destitute people in the district overflowed by the Mississippi and its tributaries.

Mr. Cannon urged the necessity of immediate governmental aid to prevent great and terrible suffering in the overflowed district. The appropriation was sufficient to enable the Secretary to give one ration a day for twenty-one days to 35,000. The committee did not make a larger appropriation because it was informed that on May 13 next the Legislature at Louisville would be in session and the appropriation recommended would furnish rations until that day.

Mr. Bland of Missouri, inquired where Congress found the authority to appropriate money for the relief of the people of the various States.

Mr. Cannon replied that he found it in precedents and in the starving demands of 35,000 persons.

The joint resolution was passed—yeas, 139; nays, 24.

On motion of Mr. Butterworth, of Ohio—yeas, 120; nays 100—the House went into committee of the whole (Mr. Cannon, of Illinois, in the chair) on the Legislative appropriation bill.

On motion of Mr. Sayers (Tex.) an amendment was adopted providing that hereafter every application for examination before the civil service commission shall be accompanied by a certificate of an officer, with his seal attached, of the county and State of which the applicant claims to be a citizen; this provision not to apply to persons who may be in the service and seek promotion or appointment in other branches of the government.

On motion of Mr. Cummings (N. Y.) an amendment was adopted providing for the "actual" traveling expenses of the commission, instead of the "necessary" traveling expenses as provided in the bill.

Mr. Butterworth gave notice that he would ask for a special vote in the House on this amendment, saying that "actual" traveling expenses might bankrupt the government.

In speaking to his amendment Mr. Cummings gave his reason for striking out the "necessary" traveling expenses of the civil service commission and inserting "actual" traveling expenses. He read a list of the expenses of members of the commission, in which the articles "lemonade," "ice," "beer," "fruit," etc., he did not consider those "necessary" expenses.

Mr. Wilson, (W. Va.) inquired whether a civil-service commissioner did not have to see double in order to see any civil-service reform under this administration.

Mr. Cummings—"I think he does, or under the other, either." [Laughter.]

Without completing the consideration of the bill the committee and the House took a recess, the evening session to be for the consideration of private pension bill.

The Senate.

WASHINGTON, April 26.—The Senate bill to authorize the sale of timber on the lands reserved for the Menominee Indians in Wisconsin was reported and placed on the calendar.

The Senate bill, introducing Gladstone, Mich., a port of delivery in the customs district of Superior, was reported and passed.

The House amendment to the Lafayette, Ind., bill, reducing the appropriation from \$100,000 to \$50,000, was concurred in, and a conference asked.

The Senate resumed consideration of the Railroad Land Forfeiture bill, and Mr. Call went on with his argument in favor of the amendment offered by him as to the forfeiture of railroad lands in Florida.

Pending the discussion, the Senate on motion of Mr. Gibson, took up and passed the house joint resolution appropriating \$150,000 to be used by the secretary of war for the relief of the destitute people in the district overflowed by the Mississippi River and its tributaries.

The consideration of the land-forfeiture bill was then resumed.

Mr. Call resumed his argument in explanation and advocacy of the amendment offered by him in the interest of settlers on railroad lands in Florida. He expressed the hope that he was not doing wrong, in a body which was sometimes spoken of as "a social club of millionaires," in referring even incidentally to a poor man. If anybody was outraged by it he begged pardon.

Mr. Blair—"Is the Senator ashamed to have it known that he is a millionaire?"

Mr. George (ironically)—Yes; two or three times over.

Mr. Blair—"I am not."

Mr. George—Whether I am a millionaire or not, the body to which I belong has the credit of associating me with a number of persons who occupy that happy position in the financial world. Mr. Pasco took the floor and the bill went over without action until Monday next, after which sundries were delivered upon the Hon. Edward Gay, late Representative from Louisiana.

SIGNED BY THE PRESIDENT.

MANY STRIKES BREWING

The Labor Agitation Spreading Among the Factories, Railroads and the Mines.

A VICIOUS ASSAULT ON A NON-UNION CARPENTER.

The Victim Knocked Down and Trampled Upon—Vienna Strikers Fired Upon—News from the Labor World.

CHICAGO, April 26.—Thomas Gilmore, a non-union carpenter, lies at his home on Dearborn street seriously, if not fatally, injured. He was this morning the victim of a murderous assault made by a half-dozen strikers. Gilmore started from his home at 7 o'clock this morning, his destination being the house of a private family on Forty-third street, where he intended making some necessary repairs on the tin roofing, work for which he had been engaged by the owner. He thought he could perform the work without being molested.

Gilmore carried his carpenter's tools over his shoulder. He had no sooner got on the street than he was spotted by the "picket" committee of the carpenters' union and followed by a half dozen of them. They dogged the man until he was within a hundred yards of the place he intended working at, when six of the strikers rushed up from behind. Without warning, or even asking the defenseless man where he was going, they knocked him down with their heads, and one struck him in the back of the head, felling him to the ground. The strikers then literally jumped upon the prostrate carpenter, kicking him in the head and stomach, and in the ribs. His face was badly cut, but the most dangerous wound was a long cut on the scalp, inflicted, presumably, by a billet of wood. The assailants, after putting their victim under the Central station, and Chief Marshall detailed a detective to hunt up the guilty men.

Several non-union carpenters laid the flooring at Louis Lagorio's saloon at 209 Madison street yesterday. Strikers got around just before the job was finished and managed to assault the workmen. They then undid the work by tearing up the flooring. The proprietor was inclined to do some shouting, but he finally compromised by calling the patrol wagon, which arrived just in time to be too late, the strikers being escaped.

Trouble with the strikers had been feared in the vicinity of the Maxwell and Hinman street stations, but this morning no outbreak occurred, and for their difficulty is not anticipated. The police at the Hinman street station were notified to look out for trouble at the malleable iron works at Twenty-sixth street, but the trouble was not there. This morning the men all went back to work and the officers were satisfied that the day will pass without any outbreaks in that quarter.

Feuds are also entertained of trouble near Throop and Twenty-second streets, but the police report everything perfectly quiet and peaceable there.

THE ARCHER CASE.

Proceedings Begun Against Maryland's Ex-State Treasurer.

BALTIMORE, April 26.—Attorney General Whyte entered suit in the Circuit Court of Harford County against Edwin H. Webster and other sureties on ex-State Treasurer Archer's bond, against Henry W. Archer, Jr., and other executors of Henry W. Archer, whose estate has not been settled, to recover Stephenson Archer's share. The Grand Jury heretofore took up Archer's case Monday, and there is no doubt that an indictment for embezzlement will be found against him. Attorney General Whyte declares that he will press the case to a special trial within the next month, which commences the 12th of next month.

ANOTHER MAN GOES WRONG.

Deputy Sheriff Davis in New Jersey Steals \$20,000.

NEWARK, N. J., April 26.—It has just leaked out that the deputy sheriff, Col. E. W. Davis, of this county (an ex-bencher to the amount of \$20,000). He left town Monday night, leaving his wife and family to care for themselves. He had handled all the county money for the last two years. Sheriff Hine will at once have an expert accountant go over his books. The matter has been kept private. The embezzling, it is thought, has been going on for about five years. His bond will not cover the loss. Col. Davis was a well-known church member and was liked by all who knew him.

A FATAL BLOW.

James Fallon, a Boston Pugilist, Fights His Last Battle.

BOSTON, April 26.—James Fallon, a local pugilist of some prominence, while boxing with large gloves with John Murphy before the Bay State Athletic club received a swinging right-hand blow just above the left ear. He fell to the floor senseless. For an hour he remained unconscious when, consciousness not returning, doctors were summoned. They found that a blood vessel on the left side of the brain was ruptured and decided that the pugilist's injuries were likely to prove fatal. Murphy and Referee Norton were arrested and held without bail.

Kaufmann that Referee Steiger, to whom the case was sent, has made a report to the Supreme Court, in which he recommends that the divorce be granted.

Death of the Hon. Mr. Stover.

LANARK, Ill., April 26.—The Hon. E. Stover died suddenly last evening of paralysis of the heart. WHAT IS A COLD IN THE HEAD?

Medical authorities say it is due to uneven clothing of the body, rapid cooling when in a perspiration, &c. The important point is, that a cold in the head is an inflammation of the lining membrane of the nose, which, when unchecked, is certain to produce a catarrhal condition of the catarrh is essentially a "cold" which nature is no longer able to "resolve" or throw off. Ely's Ointment has proved its superiority, and sufferers should resort to it before that common ailment becomes seated and ends in obstinate catarrh.

A MAN'S WIFE SHOULD ALWAYS BE THE SAME, ESPECIALLY TO HER HUSBAND, BUT IF SHE IS WEAK AND NERVOUS, AND USES GERBER'S FEMININE PILLS, SHE CAN BE MADE TO BE LIKE A DIFFERENT PERSON, SO THEY ALL SAY, AND THEIR HUSBANDS SAY SO TOO.

WHIPPED BY AN ACTRESS.

George Lawrence Coughlin by Miss Georgia Hamilton at Macon, Mo.

MACON, Mo., April 26.—Miss Georgia Hamilton, an actress, cowed George Lawrence for not more than ten years as a company. Miss Hamilton had billed the town for an entertainment last evening, and yesterday morning Mr. Lawrence arrived in the city as advance agent of a minstrel company, and proceeded to cover up the actress' bills with his paper. Miss Hamilton, armed with a riding whip and accompanied by assistants, retaliated by pasting sheets of white paper over the colored plates of the minstrel company, and when Mr. Lawrence attempted to prevent her, cowed him most unmercifully. The advance agent danced and cursed under the stinging lashes, and was finally saved from further punishment by the City Marshal.

After the Cigarette Trust.

RALEIGH, N. C., April 26.—The last Legislature passed an act to prohibit trusts in this State which provides a fine of not more than \$10,000, or imprisonment for not more than ten years as a punishment for each offense. Yesterday at Oxford the grand jury found bills against J. M. Currin, buyer for Kimball & Co. of New York, manufacturers of cigarettes and owners of stock in the American Tobacco company; also against W. Duke Son & Co. and Allen & Ginter. A lively time is expected at the next term of court.

Lays Claim to Fort Pierre.

PIERRE, S. D., April 26.—A special train came in on the Northwestern last night bringing four of the head officers of the road. They came to take care of the company's interest on the reservation. General Superintendent Sanborn says it is the intention of the road to take possession of the mile square for railroad purposes, and that the land it wants is exactly that on which the town of Fort Pierre is situated. The company will immediately set to work by legal process to eject the settlers located thereon.

Awarded \$200 Damages.

WICHITA, Kan., April 26.—In the district court here Rosa King received a verdict of \$200 in the case brought a year ago against James Tramble for \$10,000 damages for breach of promise and seduction while acting as his housekeeper. The sensational feature of the case is the day after the suit was begun Tramble shot and killed himself "to avoid paying damages," he said in a note he left. Now a woman claiming to have been Tramble's wife has appeared and holds the estate and will pay the damages.

FRESNO, Cal., April 26.—Sarah Althea Terry made her appearance in the office of C. G. Sayle, administrator of the estate of David S. Terry, and demanded some money. Sayle said he had none on hand belonging to the estate, but there were law books that might be sold. She then went into the adjoining office of Caldwell, who is the attorney for the administrator, and after wrangling with him she was ejected from the office. She returned and smashed the windows and made a scene. Sayle left his office and she followed, threatening to shoot him.
